## DEMANDS RELEASE OF TWO AMERICANS

United States Government Acts on  
Information That Detectives  
Were Sent to Prison

### KIDNAPPING WAS CHARGED

Washington Also Insists on Release  
of Grover Bergdoll, Draft Evader  
Who Was Witness

(By United Press)

Washington, Mar. 23.—The United States government has demanded of Germany the surrender of Grover Cleveland Bergdoll, wealthy Philadelphia draft dodger, and the release from prison of two Americans who recently attempted to capture Bergdoll, it was learned today from government authorities.

The Americans who have been sentenced on a charge of kidnapping are Carl Neuf and Franz Zimmer, detectives.

Correspondence has been going on for some time to secure Bergdoll's release. Since this country has no official relations with Germany, no formal note has been sent, but the United States has made definite demands for Bergdoll's release, while informal demands have been made for the release of the two detectives.

With the receipt of news of sentencing of the two men, war department officials said the demands would be made urgent.

The negotiations were carried out by the state department through the American commissioner in Dresden and General Allen, commanding the American army of occupation.

Mosbach, Germany, Mar. 23.—Two American detectives connected with the United States military forces were sentenced here to serve terms in German prisons.

They were convicted in a German court on the evidence of German citizens on the charge of attempting to kidnap Grover Bergdoll, American slacker.

Carl Neuf and Franz Zimmer were charged with illegally assuming the power of police officers.

Neuf was sentenced to fifteen months in prison, and the additional charge that he shot and wounded a German girl in Bergdoll's car, was preferred. Zimmer was given six months. The men were defended by lawyers hired by the American Legion.

Bergdoll himself was a witness. He told a halting story and so clearly contradicted himself that the presiding judge finally warned him of the strictness of the German perjury law. While the American draft dodger was on the stand the hostility of the crowd was shown by its remarks.

## CITY HAS "NAMESAKE" RIDING THE HIGH SEAS

Landing of Five Prisoners at New  
Orleans Discloses There is a  
Freighter Named Rushville

### NOT GENERALLY KNOWN HERE

Few people probably know that Rushville ranked alongside Indiana and her sister states in having a "namesake" riding the high seas.

Yet this is the case. It was divulged in a story from New Orleans today which recites how five men were landed in irons from the New York and Cuban line freighter "Rushville." It would be interesting to know how the vessel came by this name, because there may be some circumstance which connects the name with the city of Rushville.

No one was found today who was aware of the fact that such a freighter was in existence.

Mystery surrounds the cause for arresting the prisoners but it is hinted that they may be wanted in the New York bomb plot. They were charged with mutiny and placed in a New Orleans prison.

## HAS \$30,000 FIRE LOSS

Morris Canning Factory Destroyed  
This Morning by Fire

Knightstown suffered a \$30,000 fire loss this morning when the Morris Canning Factory was destroyed and several buildings surrounding the factory also burned. The canning factory contained much valuable machinery. Because the plant is not running now, the supposition is that tramps stayed in the building over night and probably accidentally set it on fire. The fire was discovered this morning about two o'clock and had gained considerable headway.

Ross Morris, a former Rushville boy, and son of John Morris of Greenfield, is president and principal stockholder in the concern. He also is a brother of Carl Morris, a noted singer, and both are extensively related in Rushville and Rush county.

## MISSIONARY BODIES REMEMBERED IN WILL

Late Edward Austen Leaves \$1,000  
Each to Home and Foreign Mis-  
sionary Societies

### \$500 FOR COUNTY RED CROSS

The will of Edward Austen, retired farmer who died in this city last week, was admitted to probate today in the circuit court and several thousand dollars of his estate has been bequeathed to individuals and charitable organizations, with the residue of his estate being left to his two sons, William C. and Harley L. Austen.

By the terms of the will a bequest of \$1,000 is given to the Foreign Missionary society of the Christian church of which he was a member, and which is commonly called the Disciples of Christ; a similar amount also is given to the Home Missionary society of the same church.

Mr. Austen also remembered the Home Service department of the Rush County chapter of the American Red Cross, and left them the sum of \$500, and the Rushville Library also was left a similar amount. Mary Ryman of Connersville, whose married name the deceased did not know, also was remembered in the sum of \$100, for services rendered while in the employ of Mr. Austen.

John F. McKee of New Salem has been named executor of the estate, which is valued at several thousand dollars.

## WIFE OF WEALTHY BANKER A SUICIDE

Mrs. Stroughton Fletcher, Social  
Leader, Drinks Prussic Acid, and  
Mother Also Takes Her Life

### NO MOTIVE GIVEN FOR ACT

(By United Press)

Indianapolis, Ind., Mar. 23.—Mrs. Stroughton Fletcher, social leader and wife of an Indianapolis multimillionaire, committed suicide today at Laurel Hall, the Fletcher home, northeast of Indianapolis, by drinking a quantity of prussic acid.

Her mother, Mrs. Eva Henley, found the body in the dressing room about 9:30 o'clock this morning and drank the dregs of the bottle after sending servants for help.

No motive was given for Mrs. Fletcher taking her life, except that it was announced she had been in ill health.

Mrs. Henley, also one of the "400" in Indianapolis, made her home with the Fletchers. It is presumed that she acted on the spur of the moment, in the absence of Mr. Fletcher, who was in Chicago on business.

An effort was made to keep the suicide a secret. The coroner was not called until this afternoon, and visitors were barred from the house. No one at the house would talk.

Her husband is one of the best known financiers of the middlewest.

## CASE 13 YEARS OLD TO FIX RULES FOR BACK ON OLD BASIS 2 NEW STATE LAWS

After Many Years of Litigation  
Damage Suit of A. R. Herkless  
Is Again Ready For Trial

### AN UNUSUAL PROCEEDING

Once Before Appellate Court and  
Several Times Special Judges  
Have Made Rulings

With a decision made Saturday in the circuit court here by Judge Solon J. Carter, special judge, a case which began here in 1908 of A. R. Herkless against the Julius Keller construction company and the city of Rushville, is now opened, and back to where it was in the beginning.

During the 13 years that the case has been in court, eight different judges have been called upon to take charge, including a term occupied in the appellate court, and during this time the original papers have been lost in the shuffle.

In 1906 A. R. Herkless was given the contract to construct two streets in Rushville. One of these was West Eighth and the other North Arthur. These streets were to be constructed of stone and macadam, gutters and curb, but no sidewalk.

The Eighth street job was completed, and practically all of Arthur street excepting a portion between Third and Fourth streets. Another contract was allowed before Arthur street was completed to the Julius Keller Construction company for the laying of the sewer, and the plans called for the tearing up of the work on Arthur street, which had been made by Mr. Herkless.

Consequently the work of finishing Arthur street was delayed by Mr. Herkless for two years while the sewer was being laid, and he did not receive pay for the entire job because he could not complete it. He maintains that the sewer was put through Arthur street by the city engineer, on purpose to keep him from finishing the job.

The suit was filed in 1908 by Mr. Herkless for damages amounting to \$3,000 because he had been deprived of his money and his machinery could not be moved until the job was completed, and he alleges that he lost money by waiting until the sewer contract was finished.

This case came up later on for trial and the jury awarded Mr. Herkless \$2,250 damages. The de-

## REMAINS OF SOLDIER TO BE INTERRED HERE

George Deerin Receives Word That  
Body of Son, John W. Deerin,  
is at Hoboken, N. J.

### KILLED IN ACTION IN FRANCE

George Deerin, a farmer living on the R. E. Mansfield farm, west of Rushville, received word this morning that the body of his son John W. Deerin, had arrived in Hoboken, N. J., and would be returned to Rushville for interment, provided that the family would notify the government officials.

The Rush county soldier was killed in action in France about three years ago. When he enlisted in the army he resided on the Logan farm near New Salem, with his parents. Mr. and Mrs. Deerin recently moved to the Gowdy farm near Arlington.

Mr. Deerin was in Rushville this afternoon making funeral arrangements and notified the officials at Hoboken to send the remains here for burial. Several days will be required before the body is started on the journey, as several thousand former soldiers' bodies were on the transport.

The remains of Charles E. Garrison, another Rush county soldier, is now enroute here for burial, and is expected to arrive on any train. The remains of Mr. Deerin will make the third one to be returned from overseas in this county, two of whom were killed in action and one died of disease.

State Board of Accounts is Prepar-  
ing Form Letters Fixing Maxi-  
mum on Salaries

### SHERIFF AND BAILIFF LAWS

No Fear Expressed Local Officials  
Will Take Advantage of Oppor-  
tunity to Raid Treasury

The state board of accounts is preparing form letters to be sent to county officials setting forth the board's views in regard to salaries for public officers, provided for in three laws passed by the recent session of the legislature, in which the state board professes to see a chance to raid the treasury of any county.

The laws referred to are the deputy sheriff law, the court bailiff law and the county superintendent of schools salary law. All of them leave the maximum salary to the discretion of local officials and for this reason the state board of accounts is fearful lest some unscrupulous officials take advantage of the leeway given them.

The state board of accounts made a ruling to the effect that the employment of deputy sheriffs under the law should be made only in cases of emergency and that the regular deputy of the sheriff is not to come under the provisions of the law. In the case of the bailiff law the board made a recommendation that a salary of \$5 a day while working be regarded as a maximum.

In both cases the rulings were made at the request of officials who wish to take advantage of the laws. Letters setting forth the views of the department in regard to the laws are being prepared and will be sent to officials at once. The question of fixing county school superintendent's salaries has not yet been brought to the attention of officials.

The deputy sheriff law provides for the employment and payment of deputy sheriffs by the county commissioners on the recommendation of the sheriff. The court bailiff law provides for the appointment of bailiffs at a salary fixed by the judge. The school head law provides that the board of education, with approval of county commissioners, shall fix the salary of the county superintendent at not less than \$1,500 a year, but provides no maximum.

## ABSENT VOTERS LAW APPLIES TO PRIMARY

Bill Changing Provisions of Law  
Passed by Legislature But Not  
Signed by Governor

### STATE PRINTERS' MISTAKE

Word was received here today to the effect that the provisions of the absent voters law apply to the city primary election the same as any other election, which is contrary to the recent announcement.

It develops that the bill passed by the regular session of the legislature, doing away with the feature of the law for the city primary, was not signed by the governor and therefore is not in effect.

The first information, which since been proven to be incorrect, came from the state election supply printers, who informed city clerks throughout the state that absent voters ballots would be unnecessary because of the new law. The printers have since discovered their error and have sent word to the city clerks that absent voters will have a right to participate in the primary the same as in the general election.

This means that voters intending to be away from home on May 3, can participate by voting by absent voters' ballots the same as in the last general election. The ballots will be supplied by the city clerk upon proper presentation of the signed application. The law which would have changed this provision was passed by both houses of the legislature, but failed to become a law.

## LIGHT FROST IS REPORTED

No Damage Done Though Tempera-  
ture Falls Below Freezing

A light frost last night was reported today by Elwood Kirkwood, county weather observer, who stated that the temperature reached 26 degrees at the lowest point sometime in the night indications. Today were that warmer weather was in sight with probably showers late tonight or Thursday. The frost last night did not do any damage to fruit trees, because the trees are not budded out enough and the temperature did not drop to a low degree which would cause a damage by freezing.

The month of March has been an exceptionally mild one and higher degrees of temperature have been recorded during the month, than is common for March.

## ALLEGED CHECK FORGER RELEASED

James Jordan of Shirley, Arrested  
on Charge By Eli Archey of Car-  
thage, is Set Free

### PASSED \$40 CHECK, CHARGE

James Jordan, a resident of the Shirley, Ind., vicinity, was released from jail late last night, on a charge of issuing a fraudulent check, when the matter was adjusted by relatives of the defendant who came here to make good the check, and paid the costs in the case.

Jordan was arrested late Saturday on a charge preferred by Eli Archey of Carthage. It was alleged that Jordan had given Archey a check amounting to \$40 on the Farmers' National bank of Wilkinson, and there were no funds in the bank to meet payment. The date of the check was said to be February 19, and the defendant had refused to make it good, which resulted in his arrest. Because the differences were settled, the charge has been dismissed by Squire Stech, in whose court the action was filed.

The Varney Electrical Supply Company this morning filed a suit in Squire Stech's court against Thomas H. Stout, on a complaint on an account in which \$50 judgment is demanded. The case has been set for trial on next Monday morning at nine o'clock.

Squire Stech will resume his active work in the office in the court house on next Monday, after having been laid up all winter on account of a broken leg, sustained in an accident.

## JOHN M'COY NAMED CHAIRMAN FOR CITY

Will Lead Democrats in Forthcoming  
Campaign, It is Announced Fol-  
lowing Meeting

### NO CANDIDATES IN FIELD

The Democratic city organization held a meeting last night in the law office of Samuel L. Trabue, at which time prospects for the coming primary campaign were discussed, and a general meeting held, although no candidate for any office "broke the ice", with any authoritative announcement, despite the fact that it has been generally hinted that all candidates will file their intentions in a bunch, probably at the eleventh hour on April 2.

One of the main business matters to come before the meeting last night was the selection of a city chairman, to take the place of E. J. Knecht, who declined the place, after being elected without his knowledge. John McCoy was chosen to take Mr. Knecht's place.

Mr. McCoy will assume active management of the primary campaign, and will line up the prospective candidates. It has also been hinted that the party workers are attempting to get a ticket in the field which will not be opposed, so that the primary election will go through without any ill feeling on the part of defeated candidates.

## FURTHER INVASION OF GERMANY LOOMS

Possibility Arises Due to Receipt To-  
day of Another Temporizing  
Note From Berlin.

### CONFISCATION BEING URGED

Germans, Who Should Have Paid  
Billion Marks, Suggest Reopen-  
ing of Entire Discussion.

(By United Press.)

Paris, Mar. 23.—The possibility of a further invasion of Germany arose today on receipt of another temporizing note from Berlin. It is believed the allied reparation commission would consider advancing allied troops into other industrial sections of Germany.

Confiscation of property was urged in some quarters. Proponents of the idea declared the German government could reimburse its citizens who thus suffered losses.

The allies have set today as the date by which Germany must pay one billion gold marks on their indemnity account.

Instead of paying, they sent a note suggesting the reopening of the entire discussion. The note stated that German experts would be put to appraising indemnity payments already made and if the total does not reach 20 billion marks to be paid by May 1, this year, under the peace treaty, an effort would be made to float a loan.

It was stated such a loan would have to be considered in connection with the entire reparation questions.

French officials especially resented the note. The resentment was so keen that the reparation commission was expected to be the center of a fight to "put the screws on Germany."

## MURDER INQUIRY OPENS TOMORROW

With Three Statements From Virgil  
Decker, Accused Slayer, Offi-  
cials Consider Evidence

### LATEST ONE A REPUDIATION

(By United Press.)

Warsaw, Ind., Mar. 23.—All evidence authorities have gathered in connection with the mysterious murder of Leroy Lovett, age 19, near Atwood, two weeks ago, was being whipped into shape today for presentation to a special grand jury which will start investigating the murder tomorrow.

Sheriff C. B. Moon, Prosecutor H. W. Graham and A. W. Stockey, special prosecutor in the case, met in Graham's office shortly before noon for a conference in view of the latest statement of Virgil Decker, confessed slayer, in which the youth said "Dago Joe" Invagnolia was the real murderer.

Deputy sheriffs were summoning witnesses to appear before the grand jury. These include everyone who has been mentioned in the case. The Italian will testify, as will Virgil and all of his immediate relatives.

Authorities were astounded at the versatility of the 18-year-old boy who repudiated his confession. Young Decker has made three statements from his cell here—one confession and two repudiations. Sheriff Moon and detectives in the case were weighing each one. They will present all to the special grand jury.

### ALLEGED FORGER HELD

Richmond, Ind., Mar. 23.—F. M. Scott, of Fineastel, O., was arrested here Tuesday after he had succeeded in cashing four alleged fraudulent checks on local banks. Scott was recognized when he appeared at the same bank at which he had cashed a check yesterday. When a patrolman was called Scott was prevented from destroying two checks which he had in his pocket.

### BABY GIRL BORN TODAY

A baby girl weighing nine pounds was born to the wife of Glen Moore, 359 East Sixth street, shortly after seven o'clock this morning. The baby has been named Lucile.

## SPECIAL SERVICES FOR PASSION WEEK

St. Paul's M. E. Church Announces Meetings on Thursday Night and Friday Afternoon

### LEAD UP TO EASTER MEETINGS

Two special Passion Week services have been announced for the members and friends of St. Paul's Methodist church. The first will be held on Thursday evening at 7:30 when the Sacrament of the Lord's Supper will be administered by the pastor, the Rev. C. S. Black. It will be the second quarterly Communion service of the Conference year and it is expected that it will be largely attended. This service is fixed for Thursday evening because it was on Thursday evening of Passion Week that the Savior instituted the Lord's Supper and commanded His disciples to continue the same in remembrance of Him. Every member of the church is urged to be present and participate in this Sacred service.

The second service will be held on Friday afternoon at three o'clock, the hour of the Crucifixion, when the congregation will gather for an hour of meditation, devotion and prayer. Special music will add to the helpfulness of the meetings. These services are designed to be especially conducive to the greater appreciation of the Easter Day meetings and messages which will begin with the sunrise prayer meeting at six o'clock Easter morning.

## PENNSY WAGE CUT, PLAN

Pres. Rea Sends Out Notices Today of Intended Reduction

(By United Press)  
Chicago, Mar. 23.—Employees of the Pennsylvania lines were today served notice that their wages must be slashed.

While W. W. Atterbury, vice-president of the Pennsylvania, was urging before the United States labor board abrogation of the national agreement, President Samuel Rea served the wage cut ultimatum on employees. Rea's notice was conciliatory in tone but expressed determination of the company to cut wages. No percentage of decrease was named.

The notice said that 70 cents out of every dollar taken in by the road was paid out in wages which created a deficit when other expenses were met.

### TO DISCUSS BUILDING.

A special meeting of the Elks lodge will be held tonight to discuss plans for the new addition which will be built this summer. A lunch will be served, but the annual installation of officers, which was announced for tonight, will not take place until the first meeting in April.

## CASE 13 YEARS OLD BACK ON OLD BASIS

Continued from Page One  
fendants took the case before the appellate court in 1915, and the judgment here was set aside, and the case consequently was knocked out of court.

In September 1916, Mr. Herkless filed another complaint before Judge Sparks, but Judge Sparks had acted as Mr. Herkless' attorney before, and he could not hear the case, and Judge Springer was appointed from the Fayette circuit court.

In the meantime the owners of the construction company died, leaving the City of Rushville the sole defendant in the case.

Judge Springer joined the army while he had charge of the case and several months more went by, when Judge Alonzo Blair of the Shelby circuit court was appointed to take charge of the case. He, however, failed to report and qualify, and three more names were submitted to try the case, and this time Jonas P. Walker of Greensburg was appointed to try the case.

Judge Walker on June 12, 1919 came here and declined to try the case, and still further names were submitted which resulted in Judge John Craig of Greensburg taking charge.

All of these years a demurrer to the complaint had been filed by the city, and it was sustained by Judge Craig. Last April the plaintiff filed an amended complaint, and the city in turn filed a demurrer to the amended complaint.

Before Judge Craig could pass on the demurrer, Mr. Herkless then on December 23, 1920, filed a motion for a change of judge from Judge Craig, which was granted and three more judges submitted, which resulted in the appointment of Judge Solon J. Carter, superior court judge number 3 of Indianapolis.

Judge Carter was here Saturday and heard the arguments and over ruled the motion filed by the city, which again puts the case into court, and ready for trial at the disposal of Judge Carter.

## WILL LOSE COAL DISTRICT

Germany Will Not Get to Keep Valuable Coal Regions, it is Planned

Paris, March 23.—Germany despite of her victory in the plebiscite will lose her large coal district of Upper Silesia, it was indicated today on adjournment of the council of ambassadors. It was stated unofficially that when the ambassadors met early next month Upper Silesia will be partitioned with the coal regions, the district's greatest aspirations going to Poland.

Germany was especially interested in the retaining of the coal mines as the basis of her industrial region. Geologists place the coal reserve there at sixty-two billion tons.

First Campaign Emblem.  
As far as known, the first campaign emblem was a finger ring of copper. It was worn by the adherents of John Quincy Adams in 1824, when he ran for president, and was inscribed "John Quincy Adams, 1825." Tintypes and medallions were among the insignia of the 1860 campaign.

## EMBARGO TO HAVE FARMERS' BACKING

Opinion Prevails That Agriculturalists Will Support Harding in Proposed Move

### THREATENED WITH BIG LOSS

Indiana Delegation to Congress is Expecting Hoosier Farmers to Line up Behind Project

Washington, Mar. 3.—In the event Pres. Harding asks congress for authority to place an embargo on the importation of agricultural products, and it is generally understood he is now considering such a plan, Indiana members of congress are anticipating that the farmers of their state will line up solidly behind the president. Up to the present time they have not been able to size up the general attitude the business and labor interests of the state would assume toward such a policy. The government has been advised, it is stated, that foreign agricultural products are arriving in such quantities that American producers are threatened with huge loss.

Most of the opposition to the establishment of an embargo is based on the fact that it will mean a rise in prices. Those who favor the embargo admit such a possibility but take the position that prices will advance in the event no embargo is authorized by reason of the fact that without such protection there will be a material decrease in American agricultural production.

The American farmer has been having troubles the past 15 months. Grain prices fell, then Canadian wheat began to pour in and the price of that commodity actually coasted. Danish butter put in an appearance at eastern seaports and dairy products slipped. Green hides began to sell at small markets throughout the country at three and four cents per pound, and at the same time shipload after shipload of Argentine hides were arriving. Sheep raisers have been in competition with New Zealand mutton and Australian wool, with the result that their sheep were hardly worth giving away.

Throughout this period of agricultural depression farm wages remained high and there was not much reduction in the prices of tools, implements, fertilizers, fencing and other farm equipment staples.

But during this period the American farmers effected their first really national farm organization, the American Farm Bureau Federation. It was built up from county units into state organizations and finally welded into a national organization. It now has approximately 1,500,000 members, or about one-fourth of the farmers in this country. It sponsored the Fordney emergency tariff bill in the last congress, and that measure went through both houses with impressive majorities, but was vetoed by President Wilson.

The movement for the protection of American agricultural interests has now taken the form of agitation for the establishment of an embargo. Secretary of Commerce Hoover and Secretary of Agriculture Wallace are apparently in accord with this movement. Each has drawn a pessimistic forecast for the future of the farming interests unless prompt aid is provided. As they see it disaster threatens in the "dumping" of foreign agricultural products into American warehouses.

A congressional resolution authorizing the establishment of an embargo on imports of farm produce would permit the passage of a tax reform measure which legislation President Harding seeks with as little delay as possible, before the introduction of the proposed general protective tariff bill. In the event the proposed embargo resolution was not given the right of way when congress convenes in special session the members from western and southern districts would undoubtedly insist on the passage of a measure similar to the Fordney emergency tariff bill of the last session before taking up the vitally important question of tax revision.

Senator Watson of Indiana, who is strongly in favor of giving precedence to tax legislation, has just had another conference with president Harding. He made the statement that the tax bill can be disposed of in the house in short time. Then the house, he said, could start on the tariff. Both of these measures must originate in the house.

A new portable electric circular saw which can be supplied with power from a light socket can be set to work at any angle from its motor and base.

## MILLION IDLE IN GREAT BRITAIN

Unemployment Barometer Has Taken Several Big Jumps During Last Few Months

### BELIEVE PEAK IS REACHED

Present Crisis is Causing Widespread Misery in The County—Cause Not Known

By AUSTIN WEST  
(U. P. Staff Correspondent)

London, (By Mail).—According to figures issued by the Ministry of Labor today there are 1,143,300 registered unemployed in Britain—and they are still climbing.

The unemployment barometer has taken several big jumps during the last few months. At the middle of October the number of men and women registered at the Employment Exchanges was 350,000; by the middle of November it was 473,000; by the middle of December 582,000; by the middle of January 842,000, and now they are well over the million mark.

These figures do not take into account the thousands of unemployed who have not registered at the government bureau. If these were included, it is estimated that the number would be swelled to a million and a quarter. Nor are they inclusive of the people working on systematic short time, estimated at 600,000. The latter are chiefly made up of cotton operatives and government employees at dockyards etc.

Optimistic officials of the Ministry of Labor believe the peak has been reached, but the Labor members of Parliament lean to the belief that the situation will be decidedly worse before the turn is reached. Realizing this the government is grappling with the problem with the primary object of stemming the tide.

So far the government has been chiefly concerned in efforts to absorb tens of thousands of ex-service men into the industrial fabric by propaganda and appeals to employers. The unexpected avalanche of unemployment of all classes, however, has made it imperative to create state-aided schemes. These were explained by the Minister of Labor, Dr. Macnamara.

According to Macnamara, at least 70,000 men have been found employment on public works. The expenditures authorized for these schemes is practically \$100,000,000.

In addition to that, and in the direction of mitigating hardship, an amendment to the Unemployment Insurance Act has added 8,000,000 to the 4,000,000 persons insured. A further extension of the out-of-work donation to ex-service men has been granted, involving an additional expenditure of \$25,000,000 making in all, since the armistice, \$200,000,000 to ex-service men and \$110,000,000 out-of-work donation for civilians during the first year after the armistice.

One of the chief bones of contention between the government and the trades unions is the persistent refusal of the builders to permit dilution of skilled labor by employment of unskilled ex-servicemen. There is not an unemployed bricklayer in the country and work could immediately be found for 100,000 men, resulting in employment being provided for painters, plumbers, laborers, etc. In the face of these facts the 50,000 ex-service men are forced to remain idle.

The tendency here for some time has been to regard every trade as a close preserve and in a restricted market to force up wages by means of strikes. Last year alone 27,000,000 days of work were lost owing to strikes.

The Labor Party so far has failed to suggest a cure for unemployment. Leader Clynes of the party declares it is up to the government to devise means for maintenance or work, and that some steps should be taken to restore international trade.

Whatever the causes the present crisis is causing widespread misery in the country, and the out-of-work donations and other government doles are generally looked upon as being merely palliatives.

### BODY FOUND IN RACE

Mishawaka, Ind., Mar. 23.—Police have recovered the body of Mrs. John Engle, who disappeared from her home in this city Feb. 19, from the mill race. Indications are that the body had been in the water since that date. Mrs. Engle was released from the Northern Indiana Hospital for the Insane as partially "cured" some months ago. She was born in Hungary forty-three years ago.

## SPLENDID AUDIENCES OUT

Pre-Easter Week Services at Main Street Christian Church

Splendid audiences are in attendance at the Pre-Easter week services at the Main Street Christian church. Sunday evening there was one addition to the church and last evening three. A fine large chorus choir is present each evening under the leadership of Homer Cole. Tonight the pastor will speak on "The Trinity of Errors." Monday evening Walter Frazee sang a beautiful solo. The general public is invited to enjoy these services.

### 8 SINN FEINERS KILLED

Cork, Mar. 23.—Eight Sinn Feiners were killed today at Dingle in a three-hour battle with crown forces. The military was ambushed. Twenty republicans were reported wounded and four policemen were injured.

Personal Points

—Chauncey W. Duncan was among the passengers this morning to Indianapolis.  
—John A. Tittsworth has gone to Vicksburg, Miss., on a business trip of several days.  
—Will O. Feudner went to Columbus, Ohio, Tuesday evening on business and Mrs. Feudner went to Richmond for a visit with relatives during his absence.

FIX RULES FOR TWO NEW STATE LAWS

Continued from Page One  
Under these laws, according to officials, "the sky is the limit." It is pointed out that under the deputy sheriff law there is nothing to prevent the wholesale employment of deputies and under the school law a salary of any amount may be fixed for the superintendent. The court law, it is pointed out, opens the way for the employment of a full-time bailiff, who will continue to draw pay even when the court is not in session.  
It is not believed, however, that there is any danger of these laws being used by local county officials for the purpose of aiding their friends. No such suggestion has been heard and it is not believed to be the desire of any county official to take undue advantage of the authority allowed them under the law.  
It has been the general impression here for many years that the salary of the county superintendent was entirely inadequate and not commensurate with the technical knowledge required and the standards which have been set for the office. It is generally believed that the county board of education should know more about what salary a county superintendent of schools is entitled to than the members of a legislature who fixed the salary in the past arbitrarily, regardless of the duties of the office, which, vary according to size and population of the county.

**CARDINAL CAN'T RECOVER**  
(By United Press)  
Baltimore, Mar. 23. — Cardinal Gibbons is critically ill and his death may come at any time, it was said at his residence today. It was said there had been no change in his condition over night. The cardinal's condition became alarming Sunday night and since that time constant watch has been kept at his bedside.

**A Nervous Woman**  
Frankfort, Ind. — "When living in Kirkersville, Ohio, I took Dr. Pierce's Favorite Prescription. I was always complaining. Nervousness troubled me, caused, I think, by woman's weakness. This medicine was recommended to me and I thought I would try it. I found results good; it certainly helped me."—Mrs. Carrie Headlee, 1203 Oak St.

Amusements

**Pearl White at Mystic**  
"Tiger's Cub," a picturization of the famous novel by George Goodchild, in which William Fox presents his dazzling star Pearl White, is at the Mystic Theatre today.  
This story pulsates with the spirit of indomitable courage and daring which mark those who defy the ruggedness of the frozen North and the vicious elements it breeds in the struggle for existence. The supporting cast is made up of players whose ability has many times been demonstrated.  
Most of the action revolves around the characters portrayed by Pearl White, as the Cub; Thomas J. Carrigan, as the son of an old prospector who was murdered for his gold mine; J. Thornton Baston, as a villain; and Frank Evans as "Tiger," who murdered the old prospector and was eager to pawn his own beautiful daughter for a half share in the stolen mine.

**"The Prince Chap" Princess**  
Thomas Meighan, whose wonderful success in George Loane Tucker's superb production of "The Miracle Man", and in Cecil B. De Mille's remarkable Paramount Artaft special picture, "Male and Female," has another splendid role in "The Prince Chap", a William De Mille production which offers the popular young actor splendid opportunities for that quality of characterization for which he has become famous. "The Prince Chap" is at the Princess Thursday and Friday.  
Mr. Meighan is more than ordinarily gifted. He has not only histrionic ability of a high order, but he possesses also that personal charm which endears him to the millions of screen patrons. He has a cheery, warm hearted, wholesome personality which has won him his enormous popularity with the great public. He loves children, and is therefore in his element in "The Prince Chap" where youngsters appear in many of the scenes with him. His latest characterization is likely to rank with his other recent roles in point of public favor and dramatic strength.  
Edward Peple wrote "The Prince Chap" after gaining an intimate knowledge of artist life in this country and abroad. From the first his play was a marked success and its presentation in prominent playhouses from coast to coast created a series of remarkable triumphs, which were repeated on each reappearance of the delightful vehicle. Although other plays written by the author of "The Prince Chap" have become popular, none have achieved the high place in public regard attained and retained by this play which has been picturized by Paramount Artaft.

NEW WARSHIP IS LAUNCHED

**Superdreadnaught Touches Waves For The First Time**  
Camden, N. J. Mar. 23.—Arguments against disarmament formed the keynote to three speeches at a luncheon which followed the launching of the superdreadnaught, Colorado here, Tuesday. The speakers were Theodore Roosevelt, assistant secretary of the navy; United States Senator Samuel O. Nicholson of Colorado, whose daughter, Mrs. Max Melville of Denver, sponsored the great war craft and Representative Patrick H. Kelley of Michigan, chairman of the subcommittee in naval appropriation of the House appropriations committee.  
Many distinguished naval officials, representative of the army, men prominent in public affairs shipbuilders and leaders in other professions, were in the throng which gathered at the Camden plant of the New York Shipbuilding Company to watch the huge mass of steel which is to be the navy's pride slide gracefully into the Delaware from her ways beside her sister ship, the Washington, yet to be completed.  
**REV. SAYLOR PREACHES**  
The Pre-Easter services being held at the United Brethren church this week were well attended last night. The sermon subject taken by the speaker, the Rev. Mr. Saylor, was "Deliverance for Every Man," which was based on the Bible's promise to mankind to improve whosoever will. The sermon was much appreciated by everyone present. Everyone is invited to the meeting tonight which will be conducted by the pastor and will begin at 7:30 o'clock.

County News

**Plum Creek**  
Mr. and Mrs. William McMillin motored to Anderson Thursday and attended the marriage of Miss Rona McMillin, daughter of Mr. and Mrs. Albert McMillin of Alexandria to Ross Logan of this vicinity. Mr. and Mrs. Logan returned to their home here Thursday evening where they will reside. The supper guests of Mr. and Mrs. Logan Thursday evening were Mr. and Mrs. William McMillin, Mr. and Mrs. John Logan and Laura Hillgoss of Rushville and Mr. and Mrs. Rue Miller of west of Rushville.  
Mrs. George Billings was very delightfully surprised Sunday by several of her friends in honor of her birthday. A bountiful dinner and supper was served to the following guests: Mr. and Mrs. Harry McMillin and children, Mr. and Mrs. Frank Logan and children, Mr. and Mrs. William Meyer and children, Mr. and Mrs. Aaron Kennedy, and daughter Helen, Mr. and Mrs. Jesse Brooks and Mr. and Mrs. Charles Meyer.  
Mr. and Mrs. Cory Kiser and daughters the Misses Opal, Marie and Edith were Sunday guests of Mr. and Mrs. Henry McKee of

Mr. and Mrs. Francis Thatcher of near Knightstown.  
Mrs. Martha Gordon and son Clyde were Sunday guests of Mr. and Mrs. Homer Hall of near Sexton.  
Miss Nellie Johnson of near Raleigh was the Sunday guest of Miss Lois Miller.  
The Circle Girls of Plum Creek church will give a penny supper at the church Friday evening, Mar. 25.  
Mr. and Mrs. John Johnson and children of near Raleigh were Sunday guests of Charles Custer and family.  
J. M. Bell returned Saturday from a few days visit with his son Lowell Bell of Indianapolis.  
Mr. and Mrs. Charles Miller of Connersville spent Saturday with Mr. and Mrs. Lafe Johnson and Miss Lois Miller.

THE SEASONS NEWEST

Distinctive in style and beautiful in color, the Springtime modes reflect the vivacity, freshness and softer beauty of the early season. We invite you here that you may satisfyingly view our exclusive models that accurately portray the style tendencies of the blithe-some season upon which we are now entering.

**DAYS OF REVIEW**  
Thursday, Friday and Saturday  
March 24th, 25th and 26th

**Coats and Wraps**

Styled of marked individuality and distinguished by those touches of elegance that have always characterized our coats and wraps, these light but warm-giving garments are in length and style suited either to sport or dress wear.

**Priced from \$12.50 to \$100.00**

**Suits**

Both the Balkan States and Chinese influences are reflected in the American-made suits with the three-quarter loose sleeves appearing in the short jackets, while the long, tight sleeve is seen in the tailored models which is typically American in design and are worn by the best dressed women here and abroad.

**Priced from \$15.00 to \$72.50**

**Dresses**

Circular overskirt models, one of the features of the new season, varies from the slim silhouette in that it gives the form a fuller appearance from the hips down. Ofttimes the tunic is lavishly embroidered with copper and silver threads. Fine quality of Taffeta Silks are employed in the making. Navy blue, Marion blue, grey, brown and black share the honors in the color scheme.

**Priced from \$17.50 to \$50.00**

**Blouses**

Rich shadings and lavish embellishments feature the blouses for Spring 1921. Collarless styles predominate. In many instances the trend is toward the Spanish decoration. All these may be seen in our blouse section.

**Priced from \$3.75 to \$15.00**

**Silk Hosiery**

**In Spring's Newest Colorings**

With the advent of low shoes comes the need for silken hose, and since many pairs are necessary to your well being, now is the time to be thinking of replenishing your supply.

Here you'll find large assortments of perfect quality hosiery in plain weaves as well as the season's newest novelties in Maize, Beige, Copenhagen, Coral, Field Mouse, Pipen Rock, Navy, Cordovan, African Brown, White or Black.

**Prices range from \$1.50 to \$4.00**

**GLOVES**  
Good Silk Gloves will be none to easy to get at these prices. Take advantage of this opportunity to secure your gloves now. Two button, 16 button or gauntlet style, made from fine quality silk, double finger tips, Navy, Grey, Brown, White or Black.  
**Priced at \$1.00 to \$2.50**

**KID GLOVES**  
To match that new suit, we have a good line of colors in sizes from 5 1/2 to 8 1/2.  
**Priced \$2.25 and \$3.00**

"A Stitch in Time"

Automobile drivers continue to make a speedway out of Main street and other paved streets in Rushville. Unless they are curbed effectually, there will be a fatal accident in which some child will probably pay the penalty.

Public sentiment in Rushville must be aroused against the reckless way in which many automobile drivers conduct themselves while in

their machines. It is nothing short of disgraceful that a man should be permitted to drive up Main street at the rate of forty or fifty miles an hour, during the day when people are frequently crossing the street.

An incident last Sunday morning will serve to illustrate the flagrant disregard of speed laws. As the Main Street Christian Sunday school was disbanding, a heavy motor truck went north in Main as fast, apparently, as the driver could send it. The truck skimmed over the pavement at a terrific rate and was the subject of comment from many people as they left the church.

There would have been no possible chance for the driver to have avoided killing a child if one had darted in the path of his heavy machine, and there is a chance any time that under similar conditions, a thoughtless youngster might be crushed.

There is no excuse for this kind of driving. If drivers who have no regard for the law, endangered no one but themselves, there could be no valid objection, because if they chose to risk their own lives, that would be their own affair. But when they place the lives of others in jeopardy, it is time that some drastic measures were taken. If they completely disregard the safety of other people, they must pay the penalty of such conduct.

Public officials are not going to compel careful driving unless they have the moral support of the community. So long as people stand idly by and permit such open violations of the statutory laws as well as the law of common decency, the speed maniac will continue to be a menace. The sentiment in the community must make itself felt in such a way that fast driving will be made unpopular, before a fatal accident results.

Long on Noise

Modern man is great on noise. A short time ago five hundred prominent people in New York attended a banquet to aid the cause of Irish freedom. The price was \$100

a plate. The press made much over it, and the people who couldn't eat a hundred dollars worth of food were satisfied. It satiated their craving for the limelight.

If the same men had been asked to contribute \$100 each to the Irish fund, without any noise or publicity, we fear the response would not have been quite so generous.

Occasionally we hear of some man who goes around doing good unbeknown to his fellow men. But he is like a rusty pebble on the beach. The glitter of the bright ones attracts our attention and we pass the subdued one by, although its value may be many times as great.

Glitter is akin to noise, and modern man likes both.

Irish freedom, if it comes, will be won with something more substantial than hundred dollar feeds.

Eighty-seven percent of the land in this country is not in use. It is yet to be placed under cultivation. The millions of foreigners seeking admission to this country are headed for the cities, where they are not wanted. They do not care to settle upon this untitled land, where they are needed. They need us, but we do not need them.

A really brave man feels no shame when he experiences fear. Even the most ferocious of elephants will tremble in the presence of a mouse.

God made the world in six days and rested on the seventh. We know a fellow who goes Him six better by resting all of the time.

True, the beauty of woman is sometimes but skin deep. But that is as far as the average male eye can penetrate.

Some folks are of a very saving disposition. They won't work for fear of expending their vitality.

The good points of a horse are pointed out by many people. In a man they are noted by a few.

People who go out to hit the high spots of life generally end in the low spots of death.

And still, sunshine in the heart is better than moonshine in the stomach.

\*\*\*\*\*  
Current Comment  
\*\*\*\*\*

The Home Garden  
(Richmond Palladium)

It is not too early to think of home gardens, say experts of the department of agriculture and garden supervisors. Little actual work can be done these days, but the wise gardener decides on the vegetables which he will plant and plans the general outline of his garden.

Home gardens came into their own during the war. Residents of Richmond took up the idea with amazing interest, establishing a record for the number of gardens in proportion to the population that was not excelled in the United States. Since the war, they have continued to plant gardens and to utilize waste space for the cultivation of crops.

From an economic standpoint the home garden has proved itself a valuable means of cutting down household expenses during an era of high prices. In this period of readjustment and of economic stabilization, the average man will find it profitable this spring to utilize his back yard and vacant lots for the cultivation of foodstuffs that will find a place on his table or be canned for winter consumption.

Many a man has made up his mind early in spring to plant a garden, but his decision never ripened into action because he kept putting off beginning work from day to day. There are plenty of empty lots in Richmond that should be under cultivation this year. A lot upon which vegetables are growing advertises our city much better than does a lot covered with weeds and old cans.

Sap and Salt

By BERT MOSES.

A touch of mystery sort of helps to sell things.

There is always this consolation: You can do it better next time.

Hez Heck says: "Common sense skips some people because it has nothing to feed on."

Even a druggist has no substitute for moderation, and there is nothing just as good.

We ought to devote as much time to developing our virtues as we devote to developing our vices.

A rolling pin is of little use in settling domestic quarrels unless a robust constitution goes with it.

\*\*\*\*\*  
COMET'S TAIL MIGHT  
HIT EARTH, JUNE 26  
\*\*\*\*\*

Just the date of June 26th down in your hat and watch the skies on that night. Pons-Winnecke, a comet, is now rushing a many thousand miles an hour toward the earth and on that night may give old Mother Earth a flick of his tail. Should the head of the comet hit the earth, the continuous combustion of the thousands of meteors might set the world on fire, if the view is correct that the head of a comet consists of meteorites.

Pons-Winnecke, however, has about as much chance of hitting the earth as a rifle ball discharged into the air has of striking a bird, but a fragment of the tail may strike the earth and produce a display of fireworks. And there may be some comfort, perhaps, in knowing that in the course of a little time, say some few million years, Pons-Winnecke will return no more.

LONDON—X-ray treatment of mental cases has been introduced at the Bethlehem Hospital for Insane, in South London.

When Your Little Child

cries at night, tosses restlessly and mutters in its sleep, is constipated, fretful and feverish, or has symptoms of worms, you feel worried and have your night's rest disturbed by the little one's crying, or perhaps because of your own anxiety.

## VATICAN GAINS MORE STRENGTH

As Result of War Attains Diplomatic Representation Never Before Attained in Church

OLD RELATIONS ARE RESUMED

Total of 31 Countries Now Maintain Official Diplomatic Relations With Vatican

By HENRY WOOD  
(U. P. Staff Correspondent)  
Rome, (By Mail)—With the certain resumption in the very near future of diplomatic relations between France and the Vatican and with a movement under way for the establishment of such relations between the United States and the Holy See, the diplomatic position of the latter will be greatly enhanced.

The Vatican, already as a result of the war, has gained a diplomatic representation never before attained in the history of the church. During the past year five new countries accredited ministers to the Vatican whilst the ambassador to the Vatican established early in the war by Great Britain as a temporary war measure was made permanent.

The five new countries to exchange diplomatic representatives with the Vatican are Czechoslovakia, Poland, Switzerland, Roumania, and Yugo-Slavia. In addition the legations of Peru, Chili, Brazil and Prussia were raised to the rank of embassies. The representative from Prussia has the title of German Ambassador to the Vatican.

A total of thirty-one countries now maintain official diplomatic relations with the Vatican, five with the rank of ambassadors and twenty-six with the rank of ministers. To this number it is expected here both France and the United States will be added, the former with the rank of an ambassador and the latter presumably with a minister.

As a consequence the Vatican is today in diplomatic relations not only with all of the great Catholic countries of the world and most of the Protestant nations, but it has succeeded in entering into semi-official relations with several of the great nations with other religions, such as Turkey, Japan and China.

Diplomatically therefore the Holy See has attained a representation never before reached in the history of the church. The increased prestige and strength that has thus come to the Vatican largely as a result of the war will be used, as Pope Benedict has already made known, in every possible way to bring about a peaceful post-war adjustment throughout the world.

The five countries which now have diplomatic representatives at the Vatican with the rank of ambassador are Peru, Chili, Prussia, Brazil, and Spain. The other countries represented with ministers are Argentina, Austria, Bavaria, Belgium, Bolivia, Costa-Rica, Colombia, Czechoslovakia, Ecuador, Germany, Great Britain, Hayti, Honduras, Monaco, Nicaragua, Holland, Paraguay, Poland, Portugal, Roumania, Russia, San Domingo, San Salvador, Yugo-Slavia, Hungary, Uruguay and Venezuela.

## CZAR'S PROPERTY IS CONFISCATED

Italian Government Searches Baggage of an Official From Russia And Finds Valuable Finery

DIPLOMAT OFFERS PROTEST

(By United Press)  
Rome, Italy, Mar. 23.—Jewels and other finery believed to have been the property of the Czar of Russia were confiscated today by the Italian government.

They were taken from the baggage of a Soviet representative here, despite the protest that as a diplomat his baggage was not subject to search.

V. Vorowski, head of the Russian delegation, tried at first to break off relations with the Italian government. His baggage yielded a gold collar studded with 83 pearls. A tier set with diamonds was also discovered, and it is believed to have been the property of the Czarina.

One of the new rivet heaters uses kerosene for fuel, transforming it into gas that is blown by compressed air to create a temperature of 3000 degrees.

## PARLIAMENT LIFE NOT A HAPPY ONE

Various M. P.'s Gathered Them- selves Together in Order to Prove

CAUSE IS LACK OF CASH

M. P.'s Point Out That Incomes Per- mitted Them Only to Travel Third Class

London (By Mail to U. P.)—A Member of Parliament's life is not a happy one.

In fact, various M. P.'s gathered themselves together into a Select Committee in order to prove just how unhappy a life they led. The general grievance of these men who represent constituencies is the same as that of the men who represent nothing—lack of cash. The salary of a member of Parliament is 400 pounds a year—or about \$1,600, which, it is claimed, does not lift them "above the ordinary worries of the kitchen."

M. P.'s pointed out that their incomes only permitted them to travel thirdclass on the railways and they compared themselves to "Tarzan of the Apes" on account of the invariable and unnecessary exercise they got "strap-hanging" in the crowded trains each day.

The upshot of the whole investigation was that the following recommendations are to be made:

No change in M. P.'s salaries, but that the 400 pounds should be regarded as expenses and therefore not subject to income tax, which is very heavy in England.

That M. P.'s should have free first-class travel between London and their constituencies.

Free postage on parliamentary letters.

This probably constitutes the most human document that has ever appeared in the guise of a White Paper.

### BACK ON THE JOB

Charles A. Frazee, county treasurer, was back in his office today after being confined to his home in North Main street for two days with a slight illness.

## In Girlhood, Maidenhood, Motherhood

A prescription which Dr. Pierce used fifty years ago—is still the best tonic for weak women. Every druggist in the land sells Dr. Pierce's Favorite Prescription in tablets or liquid. South Bend, Ind.—"In my young girlhood I became frail and delicate. Dr. Pierce's Favorite Prescription regulated me and strengthened me as well as proving excellent as a nerve. I will always praise this medicine for I know it benefited me at a very critical period and I recommend it to all girls who are ailing." — Mrs. Samuel Romine, General Delivery.

## Ben Franklin Said:

"The eye of a man should do more work than both his hands"—and he was right.

If your eyesight becomes defective, though you can not possibly do your work properly, and down will go the figures on your pay envelope.

Our accurately fitted glasses keep the "figures" up — put more money in your pocketbook, and let you see the bright side of life.

In other words, glasses fitted here improve your chances for success in every line of endeavor.

If your eyes bother you at all call and see us without loss of time.

## ACADEMY WILL GET NO MORE STATE MONEY

Spiceland Private School Affected By New Law, Is Now Facing Serious Situation

ACTION FAIRMOUNT TOOK

A sidelight of interest to Spiceland people has developed at Fairmount since the passage of the Cann bill, forbidding the use of money from the public treasury for the support of private schools, where a Friends academy faced the same situation as that which now confronts Spiceland academy.

The trustees of Fairmount academy entered into a contract with the school city of Fairmount for the sale of their property and in one of the most unusual sessions of the Fairmount Quarterly Meeting of Friends it was decided the sentiment of the meeting was favorable to carrying out the provisions for creating a united high school in Fairmount. The business session of

the Quarterly Meeting was invariably held on Saturday, but when the matter of selling the academy building came up Saturday afternoon there was such opposition to the sale that the session was postponed until Saturday night and it was 2 o'clock before the decision was reached to sell.

Spiceland academy is also said to be facing a serious problem because

of the passage of the bill which will make it unlawful for the institution to receive tuition from the township trustees. A debt of \$15,000 hung over the Fairmount school and although past due many argued that an effort should be made to raise sufficient money to pay the debt.

Leopards in Central Africa will kill and carry off women and children, but rarely attack a man.

## See What Science Has Brought You

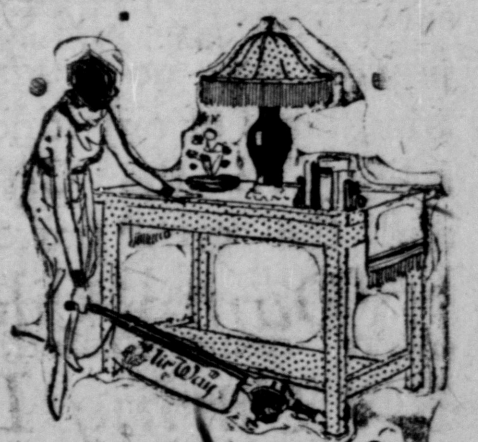

*The Air-Way Electric Cleaner*

When you have seen the Air-Way in action you will know it is not just another cleaner—but a different one—unlike any other you have seen demonstrated. It is the result of 10 years development. The quick, easy way to do your daily housecleaning. On rugs and floors you use it like any cleaner, but when you come to hard places, or tufted furniture just pick it up and use the handle, as shown in the illustration.

The Airway is more than a carpet cleaner, it cleans places only a dust cloth can reach, and does it without putting on cumbersome attachments.

To clean tufted furniture just use the handle

It's easy to get under couches, tables, chairs and other tight places with the Air-Way. The Air-Way Universal Joint is a veritable "Human Wrist."

In buying a cleaner, why not purchase one that serves many purposes, and one that has five exclusive patents, which are found only in the Air-Way—an all suction machine—no brush.

IT IS PRICED NO HIGHER THAN ANY STANDARD MAKE MACHINE, AND MAY BE PURCHASED AS LOW AS \$1 A WEEK.

The AirWay is made by a dependable manufacturer and sold on an iron clad guarantee. To see it demonstrated in your home does not obligate you. Telephone today for an appointment.

## Special Display FOR EASTER

Of Popular Priced Hats  
from \$3.50 to \$8.00

Plough Hat Shop  
246 North Main St.

The Tarry-A-While club will be entertained Friday evening at the home of Miss Elsie Bohannon in North Morgan street.

The Yomo Club will be entertained tomorrow afternoon at the home of Mrs. Russell Barringer of North Perkins street. The assisting hostess will be Mrs. Howard Ewbank.

There will be a called meeting tonight at 7:30 at the First Baptist church of the W. T. T. class, as business of importance will come before the meeting. All members have been urged to attend.

Mr. and Mrs. Grant Miller entertained the following guests Sunday at their home for dinner: Mr. and Mrs. Henry Hungerford, Mr. and Mrs. Rex Kemple, Mr. and Mrs. Zeno Hodge, Mr. and Mrs. John Kemple, Mr. and Mrs. Watson Miller, Mrs. Green Thompson, Mrs. Carrie Hodge, Fon Merrill, James Kemple and Evelyn Kemple.

Mrs. Frank Megee was hostess for the members of the Ladies Aid Society of the Main Street Christian church yesterday afternoon at her home in North Morgan street. Following the business meeting the remainder of the afternoon was enjoyed with a social time. Delicious refreshments of sandwiches and tea were served.

Members of the Psi Iota Xi sorority gave a farewell pitch-in supper Monday evening at the home of Mrs. Fred Arbuckle in West Second street, honoring Mrs. Frances Frazee Drum, who will leave Thursday for her home in Miles City, Montana, after an extended visit in this city with her parents, Mr. and Mrs. John P. Frazee. Twenty members were present for the affair.

The Missionary Society of the Main Street Christian church will observe the week of prayer preceding Easter by holding meetings Friday afternoon at 2:30 o'clock at different homes, as follows: Mrs. Ed Chambers, with Mrs. John Gartin as leader; Mrs. J. H. Frazee, with Mrs. Frazee leader; Mrs. Roy Waggener, with Mrs. Robert Kennedy leader; Mrs. George Looney, Sr., with Mrs. Homer Cole as leader. The women are urged to attend the meetings in their neighborhood.

Mrs. William Knecht, Jr., entertained last evening at her home in North Main street, with a prettily appointed three course supper, honoring Mr. Knecht's 39th birthday. A large birthday cake adorned with candles centered the table and Easter emblems carried out the remainder of the decorations for the table and room. Covers were laid for Mr. and Mrs. William Knecht, Sr., Mr. and Mrs. John Knecht and children Arthur and Thelma; Mr. and Mrs. Francis Knecht and daughter Betty Jane; Mr. and Mrs. Larry Knecht, John Mozingo, all of this city, and Mr. and Mrs. Wilbur Chance of Fal-mouth.

Members of the Rebekah lodge entertained last evening with a bountiful pitch-in chicken supper, honoring the members of the Odd Fellows independent basketball team and their manager, in the Odd Fellows hall in West Second street. Covers were laid for approximately 150 guests and a delicious three course repast was served.

Following the dinner, an appropriate program was given, which consisted of several selections by the Odd Fellows orchestra: a solo by Miss Edna Tacoma; reading, Mrs. T. L. Beher of Carthage; short talks by E. I. Higgs, manager of the basketball team, and Frank McIlwaine; vocal duet, Mrs. Edward Berry and Mrs. T. L. Beher, the closing number being a selection by the orchestra. A social hour was enjoyed at the close of the program, during which games and music were enjoyed.

#### MURDERER SURRENDERS

Hammond, Ind., Mar. 23—George Thomas of Indiana Harbor gave himself up to the police Tuesday after he had shot and killed Michael Pepsin. He told the police Pepsin held up the automobile Thomas was driving with a friend and brandished a revolver in his face. Pepsin is father of William Pepsin, held as a suspect in the holdup of a drug store at Indiana Harbor last week.

## UNEMPLOYED WILL BE GIVEN EDUCATION

Frequent Abuses of Out-of-Work Dole in London Will Find New Course by Insurance Men

### SOME NOT ANXIOUS TO WORK

London, (By Mail to U. P.)—Owing to frequent abuses of the out-of-work dole, under new regulations made by the Minister of Labor, an insurance officer may require any insured contributor who applies for out-of-work benefit to go school.

Many of the thousands now drawing unemployment benefit are not anxious to find a job. A recent example of abuse of the government dole was the case of a woman who had been drawing the out-of-work pay for months. Fearing it was coming to an end, she accepted a post as cook at \$260 a year, board laundry, lodging, etc, furnished. On the day her employer was expecting her, he received a letter instead announcing that "as the government has decided to continue the out-of-work benefit, I have decided not to accept the position you offered".

Employers declare that the unemployment benefit is merely subsidizing idleness, and those taxpayers who are eking out existence on any kind of a job so long as it is a job, are beginning to feel sore at the way the government is being hoodwinked, especially as they have to defray the cost of the hoodwinkers' upkeep.

## WILL BE UNIVERSITY HEAD

Major General Wood Accepts Presidency of Pennsylvania School

Washington, Mar. 23—Maj. Gen. Leonard Wood will retire from active service in the army to become

head of the University of Pennsylvania after he returns from the Philippines, it was learned at the War Department.

The real reason for the Wood mission to the Philippines and the searching investigation of conditions to be made in the islands is to determine whether the Filipinos are ready for independence. Secretary Weeks said today. The mission's report, he said, will be made the basis for the Harding administration's Philippine policy.

## Where Does Health Come From?

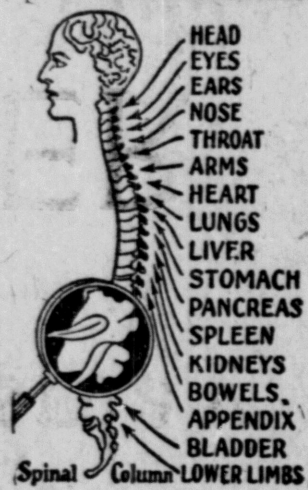

"It is a gift of nature," you reply.

Quite right! Health is a natural boon—the rich gift of Mother Nature herself. The true road to health, then is through natural methods of health building, a simple method that enables the system to right itself. All scientists agree nowadays that the real health-building power is in the body itself and needs only to be brought into proper action to renew health completely. That's why so many, many people who have tried other methods and receive no benefit get back their good health by

### Chiropractic Adjustments

To many it is a surprising fact, but a fact nevertheless that the Natural method of Chiropractic is so dependable, even in the most serious cases. The Chiropractor uses no drugs, no stimulants of any kind, he ADJUSTS the CAUSE and the great power of NATURE, as has been so often demonstrated, restores to health.

## ROTARIANS TO GET FACTS ON LEGION

Want to Prove Whether American Legion Reports Are Based on Hysteria or Actual Facts

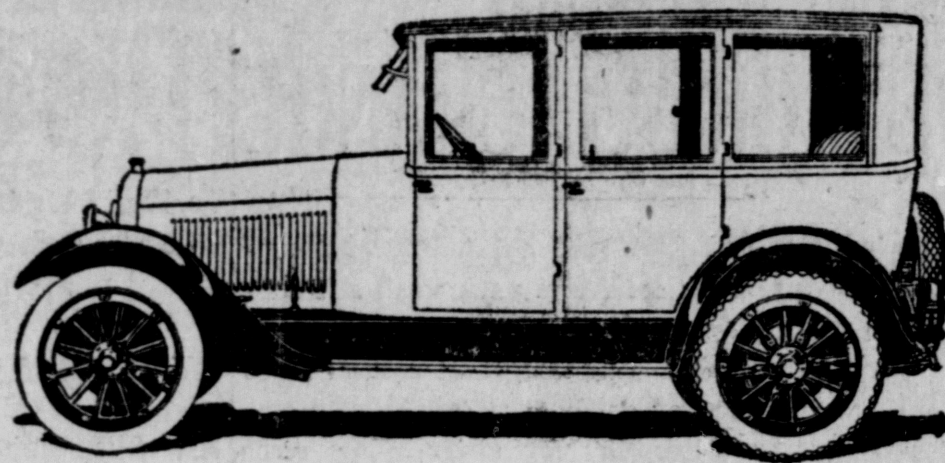

### ORDERS NATION WIDE SURVEY

To Gather Facts With Regard to Manner in Which U. S. Gov't is Handling Disabled Cases

Indianapolis, Ind., Mar. 23—The Board of Directors of the International Association of Rotary Clubs has ordered a nation-wide survey of conditions surrounding the care of disabled veterans, "to prove whether American Legion reports are based on hysteria or upon actual facts," according to a letter received at Legion headquarters today from Chesley H. Perry, Chicago, secretary-general of the Rotary organization.

Perry said the Rotary Board had endorsed the Legion's consolidation program for relief to the disabled and would support the Legion's efforts to obtain its enactment into law. His letter said in part:

"The 50,000 American business and professional men who form the 800 Rotary Clubs of the United States, have started out to gather the actual facts in their respective communities with regard to the manner in which the U. S. Government is handling the cases of disabled ex-soldiers. The rotarians have been shocked by the disclosure made by the American Legion regarding the circumstances surrounding the rehabilitation of Uncle Sam's disabled ex-services men. Each Rotary Club is appointing a special committee to investigate conditions in its community and report to the club. Every club will then report to the Headquarters office of Rotary in Chicago. The result will

## Not the Motor Alone Makes the Chalmers a Great Car

The Chalmers motor is a good motor. But it is not the motor alone that makes the Chalmers the wonderful car it is. Rather, it is the fundamental soundness and goodness of the entire construction. Without doubt, the thing that gives Chalmers' owners their greatest satisfaction is the smallness of the repair and replacement bills.

### Long Periods of Continuous Service

Their cars run for long periods without shop attention. They save money. They miss the inconvenience of having the car laid up.

Much of this is naturally due to the general mechanical excellence of the

Chalmers. Much again to the principle of the Chalmers motor.

### Pre-Heated Fuel Improves Performance

Pre-heating the fuel, as the Chalmers does by means of the hot-spot, accomplishes complete combustion in the cylinders. This results in more power from less gasoline. Smoothness of running is increased. Acceleration is quicker. Ordinary engine troubles are avoided.

There is no doubt in our minds that the Chalmers is a wonderful car. Nor in the minds of Chalmers' owners.

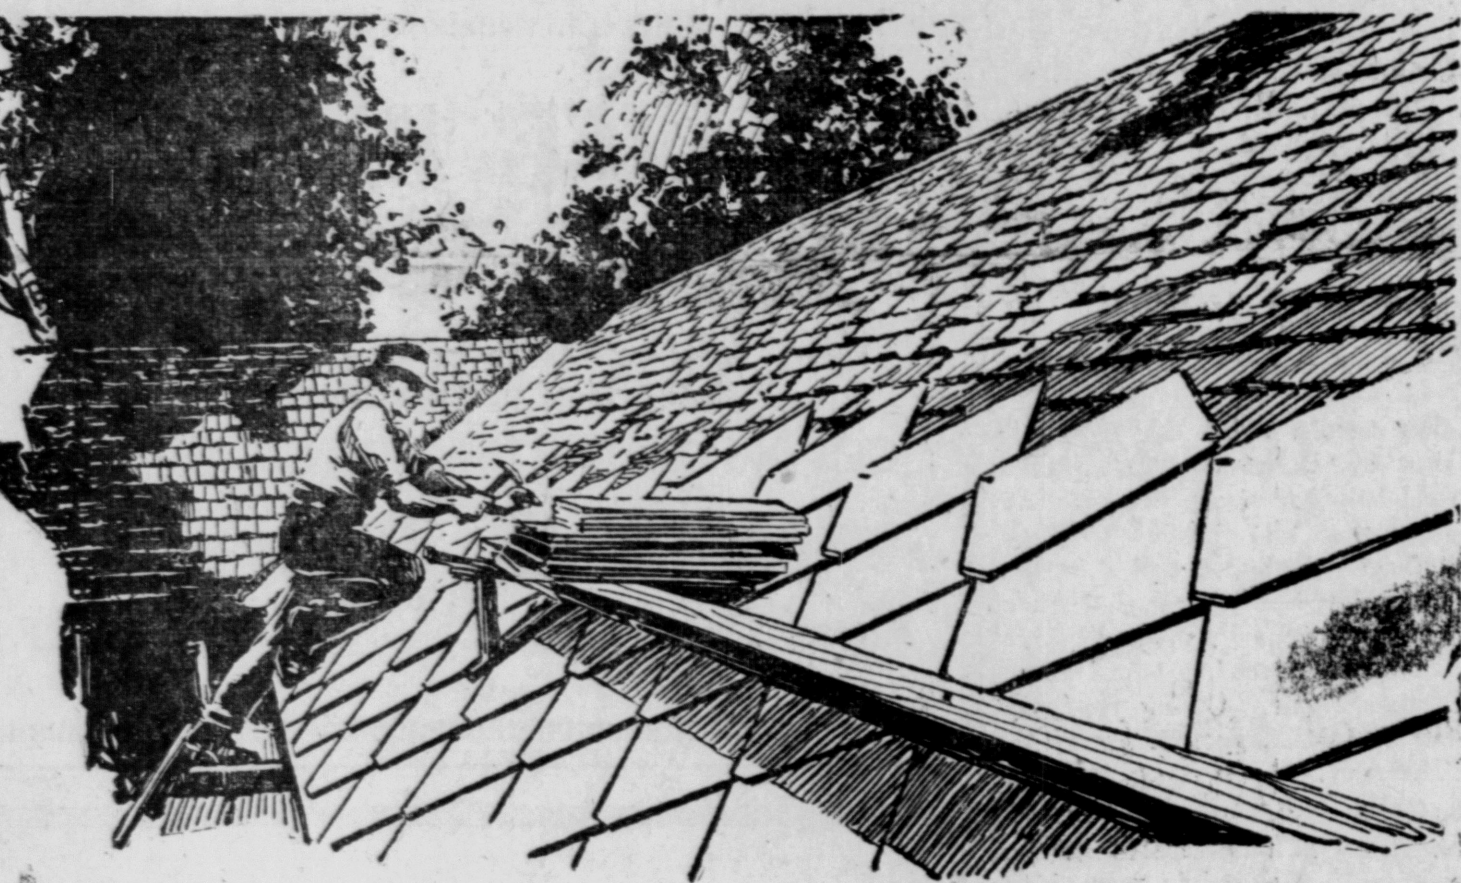

We suggest that you check Chalmers upkeep and performance records.

## Lay Them Right Over the Old Shingles!

**W**HEN your shingle roof must be replaced you need no longer suffer the houseful of dust and dirt, litter, annoyance and expense of ripping off the old shingles. Leave them where they are and lay Johns-Manville Asbestos Shingles *right on top of them*. Then you'll have a roof that is fireproof and everlasting; you'll get the benefit of the splendid roof insulation afforded by the old shingles and, most important of all, you will have re-roofed for the last time.

### RE-ROOF FOR THE LAST TIME WITH JOHNS-MANVILLE ASBESTOS SHINGLES

Lay Johns-Manville Asbestos Shingles right over the old wooden shingles and you eliminate roofing troubles and expense for all time because Johns-Manville Asbestos Shingles will last as long as your building stands. They're all mineral—nothing in them to rot or burn; they will not warp, curl or split; they never need paint; they're easy to lay and they are most attractive in appearance.

Does your roof need replacement? If so, it will pay you to get full information about this method of re-roofing with Johns-Manville Asbestos Shingles. See us at once. We can do the work for you quickly, easily and economically.

Write, call or telephone today for full particulars, estimate, etc.

**Capitol Lumber Company**

be that from 800 communities in every part of the United States will come evidence of business and professional men to prove to the American people whether or not the American Legion reports are based on hysteria or upon actual fact."

## PURPOSE IS TO "FIND THE BUCK"

Conference is Held in Order to Determine What is Delaying Government Plans For Soldiers

### PROMINENT MEN SPEAKERS

Vocational Training, Compensation Claims and Other Things Cause Ex-Service Men Worry

Washington, D. C., Mar. 23—More than one hundred high government officials and representatives of veterans organizations were brought together by the National Press Club Post of the American Legion in a conference to discuss measures for the relief of disabled ex-service men. The purpose of the meeting was to "find the buck" which the government bureaus have been passing back and forth for many months in handling hospitalization, vocational training and compensation claims of disabled men.

The merger of the bureaus dealing with the affairs of veterans of the World War, a leading measure of the Legion, was advocated by practically all of the speakers.

Among those present were Major General John L. Clem Ewing, Laporte, assistant secretary of the Treasury in charge of War Risk Bureau and Public Health Service affairs; Senator Arthur Capper of Kansas; Representative Burton E. Sweet of Iowa; Representative John W. Langley of Kentucky; Representative Royal C. Johnson of South Dakota; Representative Chas. I. Thompson of Ohio; P. P. Claxton, Commissioner of Education; R. G. Cholmeley Jones, Director of the Federal Board for Vocational Education; Col. W. S. Terriberry of the Public Health Service; Brig. Gen. George H. Wood; Rear Admiral R. R. Stitt, Lieut. Col. Roger Brooks and representatives of all veterans' organizations, including the Grand Army of the Republic.

Mortgage exemptions, fifty cents.

## FRIENDS ALL TALKING ABOUT GREAT CHANGE

South Bend Woman Tells of Her Wonderful Recovery Since Taking Tanlac—Grandest on Earth," She Says.

"All my friends are talking about the wonderful change Tanlac made in me, and I'm only too glad to give it my highest recommendation," declared Mrs. Arlo Brown, of 1414 W. Washington St., South Bend, in telling of the gratifying benefits she has derived from the use of the medicine.

"I was bothered with stomach trouble for a long time, and for six months previous to taking Tanlac I simply suffered dreadfully. Everything I ate distressed me terribly and I would bloat until it affected my heart and I could hardly breathe. I hadn't dared to eat any meat in six months and had such awful dizzy headaches I would have to lie down. My liver was also disordered,

and I suffered constantly with constipation. I was pale, weak and run-down, could hardly drag around and could find nothing that seemed to do me any good."

"One day my sister-in-law came to see me and told me how wonderfully Tanlac had helped her and got me to try the medicine also. Well it has given me a big appetite and I can eat anything now, and it has only taken four bottles to make me feel just as healthy and happy as one could want to be. All my troubles have completely disappeared and I just feel fine. I think Tanlac is the grandest medicine ever made and just can't say enough for it."

Tanlac is sold in Rushville by P. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2.—(Advertisement)

## REMAKE MAP OF MIDDLE EUROPE

To Most Western Europe Greece Carries Indisputable Evidence of Pro-Germanism

CALLS FOR A 'LITTLE ENTENTE'

New Alignment Means a Combination of Poland Czecho-Slovakia and Bulgaria

Athens, By Mail to U. P.)—That a new map of Middle Europe and the Balkans is in the making and bears the indelible marks of the Quai de'Orsay is the widespread conviction of Greek statesmen here.

To most of Western Europe Greece carries indisputable evidence of pro-Germanism, a trait that in itself alone is sufficient to draw down the uncompromising hostility of France.

Since Constantine's return French and British diplomats have had nothing to do with the new government. Serbian, Belgian, Portuguese and other nations dominated by the Allies have been non-committal. The Yugoslavs have actually been openly hostile. Roumania's attitude also has given the government here no little worry and embarrassment.

The attitude of the American Legation—one of the most influential Legations in Athens—has been that of "watchful waiting" or "benevolent neutrality".

The new political map of the Bal-

THOMAS MEIGHAN in  
**"The Prince Chap"**

Lila Lee, Kathlyn Williams, Ann Forrest, Charles Ogle, and  
Casson Ferguson

kans, according to authoritative entente source, calls for a reorganized Little Entente. Belgrade's refusal to Entente" was chiefly the work of Take Jonescu, Roumanian premier and foreign minister. It consisted of a so-called combination of Greece, Jugoslavia, Czecho-Slovakia and Roumania. Greece favored it because it fortified her against future aggression on the part of Bulgaria and Turkey. Roumania figured that it would help her retain permanently the Dobrudja and other territory wrested from Bulgaria and Austria-Hungary. Jugoslavia, at that time engaged in discussions over Fiume and Dalmatia needed a moral force to impress Rome. Czecho-Slovakia wanted protection against a revitalized Hungary.

Having attained her ends, Jugoslavia today is uninterested in the Little Entente. Belgrade's refusal to renew the Serbo-Greek treaty is regarded as the first definite step towards withdrawing from all engagements with the Greeks.

The new alignment, fostered by France, is said to call for a combination consisting of Poland, Czecho-Slovakia, Jugoslavia, and Bulgaria and eventually with whatever power, other than Greece, controls Constantinople. Such a grouping would offset and isolate Germany and other Balkan powers influenced by her. Greece and Roumania would be separated while at the same time France's proteges would be in favored positions.

Greece is counting upon Britain's interest to block the scheme of France. On the other hand, Germany's actions meanwhile may make it expedient that England and France remain united. In that case Greece probably will be the one to suffer.

**LARUE R. WEBB, Administrator**

MILLER, KEMPLE and COMPTON, Auctioneers. FRED BROWN, Clerk.

## MANY SCHOOLS TEACH HOME ECONOMICS

This is Being Done as Over-Time Work For Pupils Who Desire to Take Course

### TAKE DIFFERENT VOCATIONS

(By United Press) Indianapolis, March 23.—Many High Schools in the state are teaching vocational home economics, according to L. N. Hines, state superintendent of Public Instruction.

This is being done as over-time work for the pupils who desire to take economics according to Hines, and does not interfere with their regular school work.

Among the high schools in the state having Vocational home economics are Aftica, Auburn, Bremen, Columbia City, Hanover, Huntington, Pendleton, Petersburg, Veederburg, Wabash, Warsaw and Winamac.

On Wednesday and Thursday nights of each week the vocational economic club, of Auburn, meets in the gymnasium and plays basket ball. The school hopes to build a team strong enough to beat the high school varsity team next year.

At Warsaw, the home economics club, is spending its time in making new spring hats. One of the prominent milliners in Warsaw is assisting the class, in its functioning.

## INSECTS ARE RAVAGING STATE'S SHADE TREES

In Fort Wayne Conditions Are Especially Bad But Hope to Save Trees by Spraying

### SCALE INSECTS PREVALENT

Lafayette, Ind., Mar. 23.—The shade trees of several parts of Indiana are threatened with destruction because of the ravages of insects according to Prof. J. J. Davis, head of the entomology department of Purdue University, who has been inspecting trees in various cities of the state. In Fort Wayne conditions are especially bad, but local authorities, starting with a \$10,000 appropriation from the city council have begun a fight to save the trees by spraying.

"Among the scale insects especially bad in the state are cyster shell, San Jose, and cottony maple scales," said Prof. Davis. "Various caterpillars, tent caterpillars, tussock moth, bag worm and others are generally common. The scale sucks the plant juices, injures the trees not only by weakening it, but by making it more susceptible to borers and diseases. Such insects are controlled by lime-sulphur or miscible oil sprays applied during the dormant season. Caterpillars defoliate the trees, necessarily weakening them. Applications of arsenate of lead spray at the proper season will kill these pests. A few also may be controlled by hand picking of the egg masses or cocoons, banding the trees, etc.

The number of sheep in the United States has increased about four million in ten years.

## IRISH HOME RULE BILL IS ON TRIAL

Ulster Warns Its Leaders That Upon  
Work of Parliament Depends  
Operation Itself

## SIR CRAIG TO BE PREMIER

In Ulster Religion is the Problem:  
It is Not Possible to Find Pro-  
testant in Catholic Club

By CHAS. McCANN  
(U. P. Staff Correspondent)

Belfast, (By Mail).—Ulster, believing the future history of Ireland depends on its successful operation of the home rule bill, is alive to the warnings of its leaders that upon the calibre and work of its first parliament depends the operation itself.

Bitterly disappointed, though hardly surprised, at Sir Edward Carson's refusal to become first premier, the Unionist leaders are going ahead with the material they have.

From the members of the first parliament will be selected the cabinet, which Sir James Craig has consented to lead as premier if his selection is unanimous. The first parliament, too, will elect the senate.

Prospective members of the government now are devoting most of their time to becoming acquainted with the existing British government departments which they must overtake and operate. Leaders despair of obtaining a man who can take Carson's place, but they are not discouraged. They are looking for a man—whom they believe they have in Sir James Craig—who must be, as a Unionist expressed it, "an architect as well as a builder"—who can design what is really Ulster's future. He must, the Unionist added "dream the full design before he begins to build."

The present government will be taken over with Ulster as capital of a small semi-dependent country. Formerly the government emanated from London and centered in Dublin.

Leaders regard as equally important the British and southern Irish reactions to the operation of the new regime. British sentiment toward the future of the whole of Ireland will rest largely on the way Ulster gets along. Southern Ireland, particularly the nationalists, also are expected to judge by the first government—enthusiastically condemning a failure or reluctantly recognizing, perhaps by imitation, a success.

One problem troubling moderate leaders in Ulster is what one of them called "small ideas." Belfast, the capital, has one-third the total population of the province. Its people have totally different outlooks from the farmers who comprise much of the remainder of the population.

There is also the problem of religion. In southern Ireland religious feeling is not intense. In Ulster religion is the problem. It is not possible to find a Protestant in a Catholic club. It is similar in everything else. If there are thirty school-children in a town, ten Catholics, ten Episcopalians and ten Presbyterians it is possible for their parents to demand and obtain separate schools, each with an attendance of ten.

## CANADIAN FARMERS IMPORT AUTOMOBILES

Limousines Have no Place in Rural  
Canada But 2,265 "Every Day"  
Cars Imported Last Year

## IMPORT GAS AND OIL TOO

Calgary, Alta., Mar. 23.—Plush-lined limousines have no place in rural western Canada, but nearly every farmer has a car and to meet the growing demand particularly in the agricultural districts Canada imported 2,265 automobiles from the United States in 1920. This is in addition to the big output of the factories and branches in Canada.

During the same period according to figures compiled here, Canada imported from the United States 1,376,727 barrels of gasoline and 6,500,000 barrels of crude oil.

Western Canada now has one automobile for about every fifteen residents.

LONDON—Rochford, Essex, rural council is seeking permission to display lists of names of local residents drawing the government unemployment pay. Publicity will prevent abuses, it is claimed.

## Famous Teammates Cleo and Marc (they put the vamp in the movies)

## and Silver Flash Gasoline + Silver Flash Motor Oil

The only affinities that never got in a jam! That's the record of Silver Flash Gasoline and Silver Flash Motor Oil. You can't go wrong with them or right without them.

Load up with Silver Flash Gasoline for smooth engine performance, quick starting, instant acceleration, and big mileages per gallon.

And to save repair bills and the cost of new parts, use Silver Flash Motor Oil, the long-lived lubricant that never shirks its duties.
